

Living Room

International Hostel for volunteers from around the world. Five Star living for a hostel price.

We want to be certain that our volunteers have the nicest, safest and very best place to stay while volunteering in Nepal.

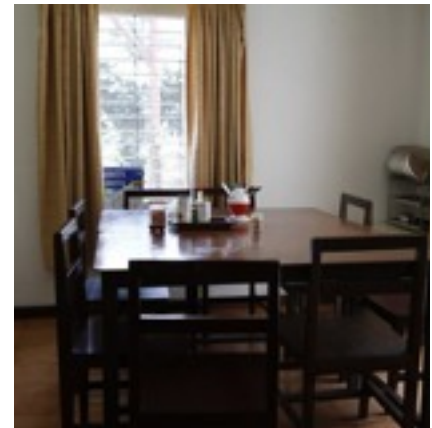

Kitchen

Includes shared room (3-4 beds) breakfast and dinner, hot showers, internet on our computers or wi-fi, battery back up system for load shedding, courteous and professional English speaking Nepali staff, all house-keeping, internet phone for free calls back home, all bedding, blankets and towels. Home is 5 bedroom, 3 bath, gated compound and VIP location. Truly an international home away from home for volunteers from all over the world.

Modern two story home

Dining

The best volunteer housing in Nepal

Some volunteer companies depend on unregulated and unreliable home-stays to house them. We take much better care of our volunteers. That's why we have our own home for use by volunteers from all over the world. Our beautiful home is in one of the most VIP areas of Kathmandu. The home is conveniently located only a 10 minute walk from the US Embassy and next to the most upscale and complete shopping center in all Nepal.

Our house is staffed 24 hours a day, 7 days a week. Volunteers can feel comfortable that their personal belongings are secure. The house is in a completely gated compound and may be the most secure area in all of Kathmandu. Our own staff, many of whom are family, keep our house very clean and prepare daily meals of fresh, hygienically prepared, local fare. We have hot showers, western bathrooms, wireless internet and computers to afford all the comforts of home while volunteering in a developing country. With hundreds of volunteers living in our home over the years, we know how to provide an atmosphere that blends local culture with western standards.
